PROFESSIONAL EXPERIENCE

Senior Procurement Executive (supporting client AirTrunk as Senior Procurement Manager) | August 2026 - Present

ATMARTH TEKNIK SOLUTIONS PRIVATE LIMITED | Chennai, Tamil Nadu, India

- Led RFI activities on the Felix platform, including vendor stakeholder meetings, RFI preparation and dispatch, and vendor onboarding.
- Managed vendor communication and documentation, and issued RFQs on Felix.
- Conducted tender comparison and bid evaluation to shortlist vendors.
- Drafted, negotiated and executed Work Orders (WO), Service Orders (SO) and Master Service Agreements (MSA) through Jira.
- Completed Know Your Supplier (KYS) checks and NDAs with vendors.
- Raised Purchase Orders in coordination with the ICT team.
- Tracked supplier relationships and KPI deliverables, with Power BI dashboard updates.

Procurement Engineer - Fabrication & Project Division | May 2025 - May 2026

FRANKLIN OFFSHORE INTERNATIONAL PTE LTD | Singapore

- Managed end-to-end procurement for fabrication projects including PR creation, PO conversion and material availability against drawings and BOM.
- Evaluated, onboarded and developed vendors using quality, cost, delivery performance and technical capability.
- Negotiated pricing, contracts and payment terms against budget targets.
- Tracked orders and supplier follow-ups to support on-time project delivery.
- Coordinated with design, production, quality and warehouse teams.
- Reviewed MTCs and inspection reports and maintained traceability and compliance documentation.
- Handled non-conformance issues, invoice verification and delivery/billing discrepancies.
- Analyzed quotations and market trends to optimize procurement strategy and cost efficiency.
- Maintained procurement documentation for ISO audits and reporting; coordinated with finance for payment processing.

Assistant Manager - Purchase and Projects | June 2017 - May 2025

LOYAL TEXTILES MILLS LIMITED | Chennai, Tamil Nadu, India

- Developed strategic sourcing plans to optimize costs and supplier relationships.
- Managed procure-to-pay activities for CAPEX, OPEX and MEP requirements.
- Managed contract lifecycle and work orders including BOQs, rate analyses and contract drafting for manpower, O&M and service contracts.
- Evaluated and negotiated supplier contracts.
- Implemented best practices to enhance procurement and 5% cost reduction.

- Identified and mitigated supply-chain risks; coordinated supplier payments and reconciliations with Finance.
- Maintained QMS, EMS and OHSAS documentation aligned with ISO standards; conducted 5S audits and monthly cost tracking.
- Provided MIS reports to management.
- Handled civil contracts/purchases, O&M and manpower service contracts, OEM work orders, dyes and chemicals, firewood, spinning/weaving/sizing/knitting materials, machinery purchase & sales, modernization/expansion projects, IT material/software licensing, and purchase consultancy for TSM & MRCAS colleges.

SELECTED PROJECTS

Modernization & Expansion Project | Procurement

Procurement and project engagement documented in the resume.

Fabrication & Project Procurement | Procurement

End-to-end procurement for fabrication projects, including PR-to-PO flow, vendor development, material coordination and documentation.

Tools and methods: P2P, RFQ/RFP, Vendor management

Notification Logger | Android

An Android app built in Kotlin that captures and logs all device notifications in real time. Runs as a background service and stores notification data locally - useful for auditing, monitoring and automation use cases across any installed app.

Tools and methods: Kotlin, Android, Notifications API, Background Service

https://github.com/Chillbroz005/Notification_Logger

Group Guardian & Filter Bot | Automation

A Telegram bot that automates group chat moderation - filters spam and unwanted messages, manages member actions, and enforces rules without any manual intervention. Commercially deployed for real customer groups.

Tools and methods: Python, Telegram Bot API, Flask, Automation

<https://github.com/Chillbroz005/Telegram-bot>

Personal Portfolio Website | Other

This portfolio - built from scratch using TypeScript and deployed via GitHub Pages. Dynamically loads GitHub repositories via the public API, features filterable project cards, an interactive career timeline, and a contact form. Demonstrates full front-end development capability alongside a professional procurement profile.

Tools and methods: TypeScript, GitHub Pages, GitHub API, HTML, CSS
